How does this coverage help?

- ▶ It means CASH when it's needed most!

The SIMPL Final Expense Plan offers three options to help meet your financial needs. Availability of these options are based on your health status at the time of the application.

SIMPL Preferred and **Standard** both offer a level death benefit from the date of issue.

- ▶ SIMPL Preferred and Standard also offer, at no additional cost, accelerated death benefit provisions to help offset the expense of Terminal Illness (certified to have a life expectancy of less than 12 months) or Chronic Illness (certified by a physician), subject to the terms and conditions of the rider.*
- ▶ Upon a qualifying event, up to 80% of your death benefit may be paid directly to you. If you are fortunate enough to never use this feature, this full SIMPL death benefit will pass unreduced to your beneficiaries.

For individuals who cannot qualify for a SIMPL policy, our **Modified Whole Life Policy** (MWL) may be an alternative. Modified Whole Life is a final expense life insurance policy issued for those applicants with more complex medical issues.

This policy offers a modified death benefit as follows:

- ▶ During the first 3 years: If death occurs as a result of an accident, the death benefit is 100% of the policy face amount. The non-accidental death benefit is equal to a refund of all premiums paid to date, plus 10% compounded.
- ▶ During the 4th year, the death benefit is 100%; followed by 105% in the 5th year; and 110% in the 6th year and thereafter.
