LIFE INSURANCE BUYER'S GUIDE

This guide can help you when you shop for life insurance. It discusses how to:

- *Find a Policy That Meets Your Needs and Fits Your Budget*
- *Decide How Much Insurance You Need*
- *Make Informed Decisions When You Buy a Policy*

Prepared by the National Association of Insurance Commissioners.

The National Association of Insurance Commissioners is an association of state insurance regulatory officials. This association helps the various insurance departments to coordinate insurance laws for the benefit of all consumers.

This guide does not endorse any company or policy.

IMPORTANT THINGS TO CONSIDER

1. Review your own insurance needs and circumstances. Choose the kind of policy that has benefits that most closely fit your needs. Ask an agent or company to help you.
2. Be sure that you can handle premium payments. Can you afford the initial premium? If the premium increases later and you still need insurance, can you still afford it?
3. Don't sign an insurance application until you review it carefully to be sure all the answers are complete and accurate.
4. Don't buy life insurance unless you intend to stick with your plan. It may be very costly if you quit during the early years of the policy.
5. Don't drop one policy and buy another without a thorough study of the new policy and the one you have now. Replacing your insurance may be costly.
6. Read your policy carefully. Ask your agent or company about anything that is not clear to you.
7. Review your life insurance program with your agent or company every few years to keep up with changes in your income and your needs.

Buying Life Insurance

When you buy life insurance, you want coverage that fits your needs.

First, decide how much you need -- and for how long -- and what you can afford to pay. Keep in mind the major reason you buy life insurance is to cover the financial effects of unexpected or untimely death. Life insurance can also be one of many ways you plan for the future.

Next, learn what kinds of policies will meet your needs and pick the one that best suits you.

Then, choose the combination of policy premium and benefits that emphasizes protection in case of early death, or benefits in case of long life, or a combination of both.

It makes good sense to ask a life insurance agent or company to help you. An agent can help you review your insurance needs and give you information about the available policies. If one kind of policy doesn't seem to fit your needs, ask about others.

This guide provides only basic information. You can get more facts from a life insurance agent or company or from your public library.

What About the Policy You Have Now?

If you are thinking about dropping a life insurance policy, here are some things you should consider:

- If you decide to replace your policy, don't cancel your old policy until you have received the new one. You then have a minimum period to review your new policy and decide if it is what you wanted.
- It may be costly to replace a policy. Much of what you paid in the early years of the policy you have now, paid for the company's cost of selling and issuing the policy. You may pay this type of cost again if you buy a new policy.
- Ask your tax advisor if dropping your policy could affect your income taxes.
- If you are older or your health has changed, premiums for the new policy will often be higher. You will not be able to buy a new policy if you are not insurable.
- You may have valuable rights and benefits in the policy you now have that are not in the new one.
- If the policy you have now no longer meets your needs, you may not have to replace it. You might be able to change your policy or add to it to get the coverage or benefits you now want.
- At least in the beginning, a policy may pay no benefits for some causes of death covered in the policy you have now.

In all cases, if you are thinking of buying a new policy, check with the agent or company that issued you the one you have now. When you bought your old policy, you may have seen an illustration of the benefits of your policy. Before replacing your policy, ask your agent or company for an updated illustration. Check to see how the policy has performed and what you might expect in the future, based on the amounts the company is paying now.

How Much Do You Need?

Here are some questions to ask yourself:

- How much of the family income do I provide? If I were to die early, how would my survivors, especially my children, get by? Does anyone else depend on me financially, such as a parent, grandparent, brother or sister?
- Do I have children for whom I'd like to set aside money to finish their education in the event of my death?
- How will my family pay final expenses and repay debts after my death?
- Do I have family members or organizations to whom I would like to leave money?
- Will there be estate taxes to pay after my death?
- How will inflation affect future needs?

As you figure out what you have to meet these needs, count the life insurance you have now, including any group insurance where you work or veteran's insurance. Don't forget Social Security and pension plan survivor's benefits. Add other assets you have: savings, investments, real estate and personal property. Which assets would your family sell or cash in to pay expenses after your death?

What Is The Right Kind of Life Insurance?

All policies are not the same. Some give coverage for your lifetime and others cover you for a specific number of years. Some build up cash values and others do not. Some policies combine different kinds of insurance, and others let you change from one kind of insurance to another. Some policies may offer other benefits while you are still living. Your choice should be based on your needs and what you can afford.

There are two basic types of life insurance: **term insurance** and **cash value insurance**. Term insurance generally has lower premiums in the early years, but does not build up cash values that you can use in the future. You may combine cash value life insurance with term insurance for the period of your greatest need for life insurance to replace income.

Term Insurance covers you for a term of one or more years. It pays a death benefit only if you die in that term. Term insurance generally offers the largest insurance protection for your premium dollar. It generally does not build up cash value.

You can renew most term insurance policies for one or more terms even if your health has changed. Each time you renew the policy for a new term, premiums may be higher. Ask what the premiums will be if you continue to renew the policy. Also ask if you will lose the right to renew the policy at some age. For a higher premium, some companies will give you the right to keep the policies in force for a guaranteed period at the same price each year. At the end of that time you may need to pass a physical examination to continue coverage, and premiums may increase.

You may be able to trade many term insurance policies for a cash value policy during a conversion period -- even if you are not in good health. Premiums for the new policy will be higher than you have been paying for the term insurance.

Cash Value Life Insurance is a type of insurance where the premiums charged are higher at the beginning than they would be for the same amount of term insurance. The part of the premium that is not used for the cost of insurance is invested by the company and builds up a cash value that may be used in a variety of ways. You may borrow against a policy's cash value by taking a policy loan. If you don't pay back the loan and the interest on it, the amount you owe will be subtracted from the benefits when you die, or from the cash value if you stop paying premiums and take out the remaining cash value. You can also use your cash value to keep insurance protection for a limited time or to buy a reduced amount without having to pay more premiums. You also can use the cash value to increase your income in retirement or to help pay for needs such as a child's tuition without canceling the policy. However, to build up this cash value, you must pay higher premiums in the earlier years of the policy. Cash value life insurance may be one of several types; whole life, universal life and variable life are all types of cash value insurance.

Whole Life Insurance covers you for as long as you live if your premiums are paid. You generally pay the same amount in premiums for as long as you live. When you first take out the policy, premiums can be several times higher than you would pay initially for the same amount of term insurance. But they are smaller than the premiums you would eventually pay if you were to keep renewing a term policy until your later years.

Some whole life policies let you pay premiums for a shorter period such as 20 years, or until age 65. Premiums for these policies are higher since the premium payments are made during a shorter period.

Universal Life Insurance is a kind of flexible policy that lets you vary your premium payments. You can also adjust the face amount of your coverage. Increases may require proof that you qualify for the new death benefit. The premiums you pay (less expense charges) go into a policy account that earns interest. Charges are deducted from the account. If your yearly premium payment plus the interest your account earns is less than the charges, your account value will become lower. If it keeps dropping, eventually your coverage will end. To prevent that, you may need to start making premium payments, or increase your premium.

payments, or lower your death benefits. Even if there is enough in your account to pay the premiums, continuing to pay premiums yourself means that you build up more cash value.

Variable Life Insurance is a kind of insurance where the death benefits and cash values depend on the investment performance of one or more separate accounts, which may be invested in mutual funds or other investments allowed under the policy. Be sure to get the prospectus from the company when buying this kind of policy and **STUDY IT CAREFULLY**. You will have higher death benefits and cash value if the underlying investments do well. Your benefits and cash value will be lower or may disappear if the investments you chose didn't do as well as you expected. You may pay an extra premium for a guaranteed death benefit.

Life Insurance Illustrations

You may be thinking of buying a policy where cash values, death benefits, dividends or premiums may vary based on events or situations the company does not guarantee (such as interest rates). If so, you may get an illustration from the agent or company that helps explain how the policy works. The illustration will show how the benefits that are not guaranteed will change as interest rates and other factors change. The illustration will show you what the company guarantees. It will also show you what could happen in the future. Remember that nobody knows what will happen in the future. You should be ready to adjust your financial plans if the cash value doesn't increase as quickly as shown in the illustration. You will be asked to sign a statement that says you understand that some of the numbers in the illustration are not guaranteed.

Finding a Good Value in Life Insurance

After you have decided which kind of life insurance is best for you, compare similar policies from different companies to find which one is likely to give you the best value for your money. A simple comparison of the premiums is not enough. There are other things to consider. For example:

- Do premiums or benefits vary from year to year?
- How much do the benefits build up in the policy?
- What part of the premiums or benefits is not guaranteed?
- What is the effect of interest on money paid and received at different times on the policy?

Remember that no one company offers the lowest cost at all ages for all kinds and amounts of insurance. You should also consider other factors:

- How quickly does the cash value grow? Some policies have low cash values in the early years that build quickly later on. Other policies have a more level cash value build-up. A year-by-year display of values and benefits can be very helpful. (The agent or company will give you a policy summary or an illustration that will show benefits and premiums for selected years.)
- Are there special policy features that particularly suit your needs?
- How are nonguaranteed values calculated? For example, interest rates are important in determining policy returns. In some companies increases reflect the average interest earnings on all of that company's policies regardless of when issued. In others, the return for policies issued in a recent year, or a group of years, reflects the interest earnings on that group of policies; in this case, amounts paid are likely to change more rapidly when interest rates change.

AMERICAN-AMICABLE LIFE INSURANCE COMPANY OF TEXAS
WACO, TEXAS

ENDORSEMENT

This Endorsement is added to and made a part of the Policy to which it is attached. It is subject to the provisions of the Policy unless amended herein.

The following provision is hereby added to the Policy:

SURRENDER OF THIS POLICY. To surrender your Policy, the following items are required by the Company:

- * A written request for surrender.
- * The policy number of the Policy to be surrendered.
- * The name of the Insured on the Policy to be surrendered.
- * The signature of the Owner of the Policy and, if required by the Policy or by a legally binding document of which the Company has actual notice, the signature of a collateral assignee, irrevocable beneficiary, or other person having an interest in the Policy through the legally binding document.
- * Either the Policy itself, a completed Lost Policy Receipt, or a written statement that the Policy itself has been lost or destroyed.

The request to surrender this Policy will be effective on the date the written request is received by the Company, if the written request is made to the Company's Home Office or servicing agent and contains all of the elements listed above.

President

GENERAL PROVISIONS

CONFORMITY WITH STATE STATUTES AND REGULATIONS. Any provision of this Policy which conflicts with the valid insurance laws or regulations of the state of residence of the Insured, at the time that the application for this Policy is approved for issue by the Company at its Home Office, will be deemed to be amended or deleted to the extent necessary for the provisions of this Policy to be in conformity with such conflicting laws and regulations.

CONTRACT. This Policy is a legal contract that you have entered into with us. You have paid the first premium and have submitted an application. We have relied on the statements made in the application for this Policy. These statements, in the absence of fraud, are considered representations and not warranties. A copy of such application is attached to this Policy. In return, we promise to provide the insurance coverage described in this Policy.

The entire contract consists of:

1. The basic Policy; and
2. The riders that add benefits to the basic Policy, if any; and
3. Endorsements, if any; and
4. The attached copy of your application, and any amendments or supplemental applications.

DATE OF ISSUE - EFFECTIVE DATE. The Date of Issue, which is the effective date of this Policy, is the date on which the first premium is due. The Date of Issue is also the date from which all policy years, anniversaries, and premium due dates are determined.

OWNER. The Owner of this Policy will be the Insured unless another person is designated Owner in the application for this Policy. During the Insured's lifetime, the Owner may exercise every right the Policy confers or we allow (subject to the rights of any assignee of record, and to any endorsement on this Policy limiting such rights).

BENEFICIARY. The Beneficiary as named in the application, or later changed by the Owner, will receive the Death Benefit Proceeds upon the death of the Insured. There may be different classes of Beneficiaries, such as primary and contingent. These classes set the order of payment. There may be more than one Beneficiary in a class. Unless otherwise instructed by the Owner, if there is more than one Beneficiary, any proceeds payable will be distributed equally among the Beneficiaries of the class receiving the Proceeds. Unless the Owner has stated otherwise, in writing, to the Home Office of the Company:

1. If any Beneficiary dies before the Insured, that Beneficiary's interest will terminate.
2. If no Beneficiary survives the Insured, Proceeds will be paid to the Owner, if then living; otherwise to the estate of the Owner.

CHANGE OF OWNERSHIP OR BENEFICIARY. The Owner, or someone authorized to act for the Owner by valid court order, may change the Ownership or the Beneficiary at any time during the lifetime of the Insured, unless a previous designation provides otherwise. Applicable law may require a Beneficiary or a Successor Owner to have an insurable interest in the life of the Insured. To make a change, the Owner must send a written request to our Home Office in a form acceptable to us. The change will go into effect when we have recorded the change. However, after the change is recorded, it will be deemed effective as of the date of the written request for change. The change will be subject to any payment made, or action taken, by us before the request is recorded. The Company assumes no responsibility for the legality or sufficiency of any Beneficiary designation or ownership change.

COMMON DISASTER. If we cannot determine whether a Beneficiary or the Insured died first in a common disaster, we will assume that the Beneficiary died first, unless applicable law or an endorsement to this Policy provides otherwise.

ASSIGNING THE POLICY. During the lifetime of the Insured and while this Policy is in force, the Owner may assign this Policy as security for an obligation, subject to the written consent of any irrevocable beneficiary. We will not be bound by an assignment unless it is received in writing at our Home Office in a form acceptable to us. Two copies of the assignment must be submitted. We will retain one copy and return the other. We will not be responsible for the validity of any assignment.

GENERAL PROVISIONS (Continued)

NON-PARTICIPATION. This Policy will not pay dividends. It will not participate in any of our surplus or earnings.

INCONTESTABILITY. We will not contest the validity of this Policy after this Policy has been in force during the Insured's life for 2 years from the Date of issue.

If the Owner reinstates this Policy as provided by the Reinstatement provision, this Policy will be incontestable as to statements made in the reinstatement application after two years from the effective date of the reinstatement.

This incontestability provision does not apply to any Disability or Accidental Death Benefit.

SUICIDE. If the Insured dies as a result of suicide, within 2 years from the Date of Issue, we will limit the Death Benefit Proceeds to the premiums paid less any Indebtedness on this Policy.

AGE OR SEX INCORRECTLY STATED. If the Insured's age or sex has been incorrectly stated in the application, we will adjust the Death Benefit Proceeds. The Proceeds payable will be that which the premium would have purchased at the Date of Issue for the correct age and sex. However, if the correct age on the Date of Issue would have caused a policy not to have been issued, the Proceeds payable will be limited to a return of premiums paid plus interest. The rate of interest will not be less than the rate, as determined by the company, applicable to proceeds of life insurance left on deposit with the Company. By age we mean age last birthday as of the Date of Issue.

PAYMENTS. All payments of benefits under this Policy will be made from our Home Office.

WHEN THIS POLICY TERMINATES. This Policy will terminate if:

1. The Owner requests that this Policy be terminated; or
2. The Insured dies; or
3. The Policy matures; or
4. The premium is in default at the end of the grace period, except as otherwise provided in the Guaranteed Values provisions. The date of default will be the due date of the premium in default.

REINSTATEMENT. This Policy may be reinstated at any time within 5 years after default unless this Policy was surrendered for cash, if the following requirements are met:

1. Evidence of insurability, satisfactory to the Company, must be furnished; and
2. All past due premiums with compound interest at the reinstatement interest rate of 6% a year must be paid; and
3. Any Indebtedness with interest at the annual policy loan interest rate of 7.4% payable in advance, from the date of default to the date of reinstatement, must be paid or reinstated.

The effective date of reinstatement will be the date we approve the application for reinstatement.

If a rider is attached to this Policy, its coverage will be reinstated according to the Reinstatement provision of this Policy, unless such provision conflicts with the express provision of the rider.

CHANGING THE TERMS OF THE POLICY. Any change in the Policy must be approved in writing at our Home Office by one of our officers. Any approved change will be endorsed on the Policy. No agent has the authority to make any changes or waive any of the terms of the Policy.

PREMIUMS

PAYMENT OF PREMIUMS. Premiums are payable for the number of years shown on Page 3 or until the Insured's earlier death. Premiums are payable in advance at our Home Office. A premium receipt signed by an Officer of the Company will be furnished upon request.

PREMIUMS (Continued)

Premiums may be paid annually, semi-annually, quarterly or monthly. The Owner may change the frequency of payment provided a premium payment will become due on each policy anniversary. A premium paid by check will be considered paid only after the bank has credited our account with collected funds.

GRACE PERIOD. The grace period is a period of 31 days following the due date of each premium after the first. The Owner may pay the premium at any time during the grace period without interest. During the grace period, the Policy will remain in force, but the premium will be in default. The date of default is the date the unpaid premium is due. If the premium is not paid by the end of the grace period, this Policy will terminate, as of the date of default, except as provided in the Guaranteed Values provisions. If death occurs during the grace period, the premium for the policy month in which death occurred will be deducted from the Death Benefit Proceeds.

DEATH BENEFIT PROCEEDS

The Company will pay the Proceeds of this Policy on the death of the Insured while this Policy is in full force. Payment will be made to the named Beneficiary when the Home Office of the Company receives Due Proof of the Insured's Death, subject to the terms of this Policy. The Proceeds will be:

1. The Face Amount shown on Page 3; plus
2. Any insurance on the life of the Insured provided by an additional agreement attached to and made a part of this Policy; plus
3. The portion of any premium paid which applies to a period beyond the month of death of the Insured; less
4. The portion of a premium due and unpaid which applies to a period prior to the date of death of the Insured; less
5. Any Indebtedness on this Policy.

GUARANTEED VALUES PROVISIONS

CASH VALUE. The Owner may surrender this Policy for its Net Cash Value as defined on Page 2. If all premiums have been paid, the guaranteed cash value is as shown in the Table of Guaranteed Values on page 3A of the Policy. The Table shows values at the end of the policy years. The Cash Value is:

1. The Guaranteed Cash Value; plus
2. Any part of a premium paid for coverage beyond the policy month in which the Owner surrenders this Policy.

AUTOMATIC PREMIUM LOAN OPTION. If a premium on this Policy is not paid by cash by the end of the grace period, a policy loan will be made to pay such premium if the following conditions are met:

1. The Owner must have elected the Automatic Premium Loan Option while no premium was in default. (the election, if not made in the application for this Policy, may be made later by sending written notice to our Home Office); and
2. The Loan Value must be enough to pay the premium in default with interest to the next policy anniversary.

This provision may be revoked by filing a written request with the Company.

If the Loan Value is not sufficient to cover the entire amount of any premium due, no automatic loan will be made and the premium will be in default. The Net Cash Value will then be used under Option 2 of the "Options Upon Default of Payment of Premium" provision below. Interest on a premium loan will be charged from the premium due date. Otherwise the terms of the Policy Loan provision will apply.

GUARANTEED VALUES PROVISIONS (Continued)

OPTIONS UPON DEFAULT OF PAYMENT OF PREMIUM. The Owner may elect one of the following options, effective on the default in the payment of premium. Election must be made by written request to the Company at its Home Office no later than 60 days after the unpaid premium was due. If the Automatic Premium Loan or other election is not made, Option 2 of this section will be effective.

Option 1 -- Surrender this policy for the Net Cash Value. The Net Cash Value within 60 days of default is the Net Cash Value on that date. The Company may defer payment of the Net Cash Value for a period of up to 6 months from the date of request.

Option 2 -- Continue this Policy as Extended Term Insurance. The amount of insurance will be the face amount of this Policy less any Indebtedness. The term of Extended Term Insurance will begin on the date the unpaid premium was due. It will continue for such term as the Net Cash Value will purchase at the net single premium rates. Extended Term Insurance may be surrendered for its Net Cash Value as of the date of surrender.

BASIS OF VALUES. Guaranteed values and net single premiums are based on the mortality tables and interest rate shown on Page 3A. All net single premiums are at the then attained age of the Insured. The Cash Values are calculated by the Standard Nonforfeiture Value Method using the mortality table and interest rate shown on Page 3A. Computations assume that premiums are paid annually and the deaths occur at the end of a policy year.

The Cash Value within a policy year is adjusted for lapse of time and premiums paid for any portion of the policy year. Within 31 days after any policy anniversary, and in the absence of a policy loan, the Cash Value will not be less than the Cash Value on such anniversary. Any additional agreement which is part of this Policy will not increase the Cash Value unless specifically provided by the agreement. All values are greater than or equal to those required by the insurance law of any state in which this Policy is delivered. The detailed method of calculation of values is on file at the insurance department in the state in which this Policy is delivered.

When continued as Extended Term Insurance, this Policy's Cash Value is the present value of future benefits.

POLICY LOAN PROVISIONS

You may take a policy loan at any time while this Policy is in force. You may borrow an amount which is equal to or less than the Policy's Loan Value. The Loan Value will be the Cash Value less:

1. Any prior outstanding loan, plus interest accrued; and
2. Interest on the amount to be borrowed to the next policy anniversary.

LOAN INTEREST. The Annual Policy Loan Interest Rate is 7.4% payable in advance. On each policy anniversary, loan interest for the next year is due in advance. Interest not paid when due will be added to the loan.

HOW YOU MAY REPAY A POLICY LOAN. You may repay all or part of a policy loan at any time, except that:

1. Repayment may be made only while this Policy is in force and prior to the death of the Insured; and
2. A partial repayment must be at least \$10.00.

Any Indebtedness will be deducted from any settlement of this Policy.

At any time your policy loan exceeds the Cash Value, this Policy will lapse. However, at least 31 days prior notice must be mailed by us to your last known address and to any assignee of record, if any.

POLICY LOAN PROVISIONS (Continued)

WE CAN DELAY PAYMENT. We can delay loaning you money for up to 6 months, or the period allowed by law, whichever is less. However, we cannot delay loaning you money if the amount is to be used to pay a premium to us.

OBTAINING A LOAN. You may obtain a policy loan by written request and assignment of the Policy as sole security for the loan.

SETTLEMENT OPTIONS

ELECTION OF A SETTLEMENT OPTION. The Owner, by written request satisfactory to the Company, may elect any Settlement Option described below while the Insured is living subject to the provisions of this Policy. If an option is not elected prior to the death of the Insured, the Company will pay the Proceeds in one sum to the Beneficiary or other person lawfully entitled to receive the same, unless such person elects a settlement option.

PAYEE. The Payee is the person or persons entitled to receive payments under a Settlement Option.

AVAILABILITY OF OPTIONS. The Company may pay the then balance of the Proceeds in one sum if:

1. The Proceeds are less than \$5,000; or
2. The amount on deposit under Option 1 or 2 below becomes less than \$2,000; or
3. Periodic payments are, or become, less than \$100; or
4. The Payee is not the person first entitled to payment; or
5. The Payee is an assignee, estate, trustee, partnership, corporation or association.

EFFECTIVE DATE OF SETTLEMENT OPTION. If an election has previously been made, the effective date will be the date of death or surrender. If no election is in effect when the Proceeds become payable in one lump sum, the date of election will be the effective date. The first installment, under Options 3, 4, 5, or 6 below, will be paid by the Company upon receipt of Due Proof of the Death of the Insured.

BASIS OF PAYMENT OPTIONS. The annual guaranteed interest rate used for each option shown in the Option Tables is 3.0%. An interest rate in excess of the guaranteed rate may be used at the discretion of the Company. The mortality table used for Options 5 and 6 is the Annuity 2000 Mortality Table.

LIFE INCOME AND AGE. When Proceeds are payable to the Owner as a result of a cash surrender or maturity of the Policy, and the Owner selects a settlement option providing for periodic payments, the continuance of the periodic payments will be based on the life of the Insured. The amount of the periodic payments will be based upon the attained age of the Insured at the time of surrender or maturity. Upon the death of the Insured the life income payable to the Beneficiary will be based on the life and age of that Beneficiary. Age in each instance is the age on the last birthday before the date the first installment is payable. The Company may require evidence of age or of survival.

OPTION 1 -- DEPOSIT -- Left on deposit with interest to accumulate. Interest is compounded annually. Proceeds and all accumulated interest are payable at the end of a period mutually agreed upon.

OPTION 2 -- INTEREST INCOME -- Left on deposit, with interest payable periodically. Proceeds and any accrued but unpaid interest are payable at the end of a period mutually agreed upon.

OPTION 3 -- INSTALLMENTS OF SPECIFIED AMOUNT -- Paid as an income of a specified amount mutually agreed upon, until the Proceeds and interest are exhausted.

OPTION 4 -- INSTALLMENTS FOR SPECIFIED PERIOD -- Paid as an income for a specified period mutually agreed upon.

OPTION 5 -- LIFE INCOME WITH GUARANTEED PERIOD -- Paid as an income for life. Payments are guaranteed for 120 months.

SETTLEMENT OPTIONS (Continued)

OPTION 6 -- LIFE INCOME WITHOUT GUARANTEED PERIOD -- Paid as an income for life. Payments cease with the last payment due prior to death of the person on whose life the income is based.

DEATH OF PAYEE. After the death of the Payee any amounts remaining under Options 1, 2, 3, or 4 or any amounts remaining under the period certain under Option 5 will be continued to the estate of the Payee or paid in a single commuted sum to the estate of the Payee.

PROTECTION AGAINST CREDITOR. To the extent permitted by law, Proceeds paid under these options will not be subject to the claims of creditors nor to legal process.

These tables illustrate amounts for each \$1,000 of proceeds applied under the Options listed.

WACO, TEXAS

ENDORSEMENT

The provision of this policy entitled "*GRACE PERIOD*" is hereby deleted and replaced by the following:

The grace period is a period of 61 days following the due date of each premium after the first. The Owner may pay the premium at any time during the grace period without interest. During the grace period, the Policy will remain in force, but the premium will be in default. The date of default is the date the unpaid premium is due. If the premium is not paid by the end of the grace period, this Policy will terminate, as of the date of default, except as provided in the Guaranteed Values provisions. If death occurs during the grace period, the premium for the policy month in which death occurred will be deducted from the Death Benefit Proceeds.

NOTICE OF PROTECTION PROVIDED BY CALIFORNIA LIFE AND HEALTH INSURANCE GUARANTEE ASSOCIATION

This notice provides a brief summary regarding the protections provided to policyholders by the California Life and Health Insurance Guarantee Association (“the Association”). The purpose of the Association is to assure that policyholders will be protected, within certain limits, in the unlikely event that a member insurer of the Association becomes financially unable to meet its obligations. Insurance companies licensed in California to sell life insurance, health insurance, annuities and structured settlement annuities are members of the Association. The protection provided by the Association is not unlimited and is not a substitute for consumers' care in selecting insurers. This protection was created under California law, which determines who and what is covered and the amounts of coverage.

Below is a brief summary of the coverages, exclusions and limits provided by the Association. This summary does not cover all provisions of the law; nor does it in any way change anyone's rights or obligations or the rights or obligations of the Association.

COVERAGE

• Persons Covered

Generally, an individual is covered by the Association if the insurer was a member of the Association and the individual lives in California at the time the insurer is determined by a court to be insolvent. Coverage is also provided to policy beneficiaries, payees or assignees, whether or not they live in California.

• Amounts of Coverage

The basic coverage protections provided by the Association are as follows.

• Life Insurance, Annuities and Structured Settlement Annuities

For life insurance policies, annuities and structured settlement annuities, the Association will provide the following:

• Life Insurance

80% of death benefits but not to exceed \$300,000

80% of cash surrender or withdrawal values but not to exceed \$100,000

• Annuities and Structured Settlement Annuities

80% of the present value of annuity benefits, including net cash withdrawal and net cash surrender values but not to exceed \$250,000

The maximum amount of protection provided by the Association to an individual, for all life insurance, annuities and structured settlement annuities is \$300,000, regardless of the number of policies or contracts covering the individual.

• Health Insurance

The maximum amount of protection provided by the Association to an individual, as of July 1, 2016, is \$546,741. This amount will increase or decrease based upon changes in the health care cost component of the consumer price index to the date on which an insurer becomes an insolvent insurer. Changes to this amount will be posted on the Association's website www.califega.org.

COVERAGE LIMITATIONS AND EXCLUSIONS FROM COVERAGE

The Association may not provide coverage for this policy. Coverage by the Association generally requires residency in California. You should not rely on coverage by the Association in selecting an insurance company or in selecting an insurance policy.

The following policies and persons are among those that are excluded from Association coverage:

- A policy or contract issued by an insurer that was not authorized to do business in California when it issued the policy or contract
- A policy issued by a health care service plan (HMO), a hospital or medical service organization, a charitable organization, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company, an insurance exchange, or a grants and annuities society • If the person is provided coverage by the guaranty association of another state • Unallocated annuity contracts; that is, contracts which are not issued to and owned by an individual and which do not guaranty annuity benefits to an individual • Employer and association plans, to the extent they are self-funded or uninsured • A policy or contract providing any health care benefits under Medicare Part C or Part D • An annuity issued by an organization that is only licensed to issue charitable gift annuities
- Any policy or portion of a policy which is not guaranteed by the insurer or for which the individual has assumed the risk, such as certain investment elements of a variable life insurance policy or a variable annuity contract • Any policy of reinsurance unless an assumption certificate was issued • Interest rate yields (including implied yields) that exceed limits that are specified in Insurance Code Section 1067.02(b)(2)(C)

NOTICES

Insurance companies or their agents are required by law to give or send you this notice. Policyholders with additional questions should first contact their insurer or agent. To learn more about coverages provided by the Association, please visit the Association's website at www.califega.org, or contact either of the following:

TERMINAL ILLNESS ACCELERATED BENEFIT RIDER

TAX IMPLICATIONS. The acceleration-of-life-insurance benefits offered under this Rider may or may not qualify for favorable tax treatment under the Internal Revenue Code of 1986. Whether such benefits qualify depends on factors such as your life expectancy at the time benefits are accelerated or whether you use the benefits to pay for necessary long-term care expenses, such as nursing home care. If the acceleration-of-life-insurance benefits qualify for favorable tax treatment, the benefits will be excludable from your income and not subject to federal taxation. Tax laws relating to acceleration-of-life-insurance benefits are complex. You are advised to consult with a qualified tax advisor about circumstances under which you could receive acceleration-of-life-insurance benefits excludable from income under federal law.

Any medicaid or other government entitlement for which you are eligible may be affected by payments received under this Rider.

This Rider is attached to and made a part of the Policy to which it is attached. It is subject to the provisions of the Policy unless amended in this Rider.

TERMINAL ILLNESS BENEFIT

If the Insured is certified as being a Terminally Ill Individual, We will advance to You, if You so elect, up to one hundred percent (100%) of the Death Benefit of the Policy. The Benefit to be paid will be reduced by an Actuarial Adjustment Factor and an Administrative Charge of \$150. We will deduct from the Benefit paid any outstanding Indebtedness, but only in proportion to the percentage of Death Benefit paid. We will also return to you a proportionate amount of any premium paid beyond the date any Benefit under this Rider is paid.

A payment under this Rider is payable only once. Request for an acceleration-of-life-insurance benefit must be made in writing. The Policy must be in force at the time this Benefit is applied for. Payment of this Benefit will reduce the Death Benefit proceeds by the amount of the Benefit paid under this Rider. Any portion remaining after reduction of the death benefit due to payment of any acceleration-of-life-insurance benefit will be paid upon the death of the Insured. The acceleration-of-life-insurance benefits and the balance of the death benefit of the Policy will constitute full settlement on maturity of the face amount of the Policy. The Cash Value, the amount available for loans, and the premium, excluding the Policy fee (if any), for the Policy will decrease in proportion to the amount of Benefit paid. Continued payment of the reduced premium is necessary for the Policy to remain in force. If the entire Death Benefit is paid, then the Policy will terminate with no further value. There is no Benefit to a non-insured Owner if the non-insured Owner is diagnosed as a Terminally Ill Individual.

At time of payment of the acceleration-of-life-insurance benefit, We will provide the Owner of the Policy a statement specifying:

- a) the amount of benefit paid;
- b) the effect of the acceleration-of-life-insurance on the death benefit, future premiums, cash value (if any) and any policy loans.

Terminally Ill Individual - An insured will be considered as being a Terminally Ill Individual if the individual has been certified by a licensed physician as having an illness or physical condition that reasonably can be expected to result in death within 12 months of the date of certification. We must receive proof acceptable to Us. A written statement from the certifying physician will be required. We may require a second medical opinion by a physician of our choice at Our expense. The opinion of the physician selected by the Company, with respect to whether or not the Insured is terminally ill, will be presumed to be correct.

This Rider is effective on the Date of Issue of the Policy.
